

Application for Accreditation as European Statistician (AEUStat)

Conformant to the FENStatS standard from 2019-08-xx. Version 1(beta).

1. Personal information

Name	
Address 1	
Address 2	
Address 3	
Country	
Date of birth	
Gender	

[] Proof of identity

Attach a copy, scan or picture of a proof of identity that is valid in your home country, eg passport data page, ID-card, driver license.

4. Criteria B – Work experience

Employer	Assignments	Time

References to work experience (2)

Describe the details in the CV, including the following information:

- *Assignment details, necessary to assess the relevance of the experience.*
- *Time, including fulltime/part time. Total time must sum to 5 years.*
- *Two (2) selected references to your work experience that can be contacted*

5. Criteria C – Professional development

Title	Content	Year	Certificate
			[]
			[]
			[]
			[]
			[]
			[]
			[]
			[]
			[]
			[]
			[]

Describe the details in the CV, including the following information:

- *Details of the development activity*
- *Relevance to your professional credibility*
- *Time for the activity*

Certificates are only needed for activities that complete a certification or similar.

6. Criteria D – Communication

Sample	Origin	Contribution	Year

At least two (2) samples of work that support your applications shall be attached. The samples need to be in a generally readable format, in an official language within the EU. Samples shall be less than five (5) years old. If you are co-author or responsible for parts in the sample, state your contribution.

7. Criteria E – Ethical standards

Legal or ethical standard applicable in my professional position

List the most important legal and/or ethical standards that are applied in your field of work or business. NOTE: You are bound by the accreditation to follow all relevant standards. The non-mentioning above does not disclaim that responsibility.

8. Criteria F – Membership

Member organisation:	
Application fee paid date:	

The member organisation above is responsible for evaluating your application. Please note below if you have relations with any known member of the auditing committee that might constitute a conflict of interest.

Known conflict(s) of interest:	
---------------------------------------	--

9. Letter of recommendation

Reviewer	Relation to applicant	Letter
		[]
		[]

Two (2) signed letters of recommendation are attached to the application. The reviewer need not be statistician or manager to you, he/she can be a coworker, client etc.

The reviewer certifies that to his/her knowledge

- *the application is correct and*
- *you have followed the development criteria, shown the communication skills and obeyed the ethical requirements under criteria C, D and E and*
- *he/she can recommend you for work as a statistician*

10. Signature

I hereby certify that, to the best of my knowledge and intentions, the information in this application and its attachments is accurate and complete.

I am aware of the requirements in FENStatS accreditation standards, including the requirement of continuous professional development. In the extent possible, I promise to follow all applicable laws, ethical standards, guidelines and scientifically valid principles and thereby providing accurate, reliable and useful statistical information.

I understand that my personal information and the information in the attached documents is processed by FENStatS according to General Data Protection Regulation (EU 2016/679). My name and contact information can be made public by FENStatS.
